

Deloitte Touche Tohmatsu Limited is a global leader in financial services and advice. **Deloitte Dutch Caribbean**, where integrity, professionalism and a healthy work-life balance is valued, is led by a young and dynamic partner team. We have +/- 100 professionals whom are all committed to making an *impact that matters*. We have offices in Curaçao, Aruba and Bonaire and are also active on other islands in the Dutch Caribbean. For our growing local practice we are seeking candidates for the positions of:

Director Audit

As Director Audit you contribute to the leadership and growth of the Audit practice. You lead a team of audit professionals and provide them with counseling and career guidance. You manage key audit relationships across a variety of industry sectors and you support the Audit Partners in executing the business strategy, this includes: leading senior client relationships, managing budgets, negotiating fees and excelling in delivering excellent client service. You are also responsible for compliance and quality assurance.

Senior Manager Audit

As Senior Manager Audit you manage key audit relationships across a variety of industry sectors and identify and develop both audit and advisory opportunities with new and existing clients. You lead professionals, provide guidance, direction, and coach them in their career development. You manage the overall engagement from planning to completion of financial and audit statements and stay abreast of technical and industry developments. You are also responsible for compliance, quality assurance and for developing and implementing solutions for our expanding client base.

Manager Audit

As Audit Manager you are responsible for both technical and commercial activities. You also manage the engagement portfolio, assess the project feasibility and risk and determine the control strategy. Together with the Audit Partner you are responsible for the technical execution of contracts. You perform managerial and advisory work for clients and also conduct consulting and special audit assignments. Furthermore, you are (partly) responsible for compliance with technical rules, procedures and quality standards and will assist with tender processes, marketing, training and other initiatives.

Your profile

You want to make an impact that matters and you want to work in a professional, high standard, international big-4 audit practice. You have well developed management and leadership skills and the ability to mentor, coach, develop and motivate staff and to create a learning environment. You have a highly developed sense of responsibility and a positive attitude. You have a strong commitment to providing excellent client service and you have experience with management of (complex) portfolios from a varied client base. You are ambitious, customer-oriented, dynamic and flexible. Your communication skills are excellent in both English and Dutch. Papiamento is a plus.

Director: You have an RA or CPA designation and at least 8 years of accounting experience within a large accounting firm.

Senior Manager: You have an RA or CPA designation and a minimum of 4 years relevant experience as audit manager.

Manager: You have a Master degree in Accountancy and have successfully completed your RA theory or CPA exam. You have a minimum of 2-4 years relevant work experience as (Junior) Manager or Senior Audit Assistant.

Our offer

Deloitte Dutch Caribbean offers competitive terms of employment, (partner) career opportunities for ambitious professionals with the right mindset and drive, a healthy work-life balance and a pleasant work environment. We are open for part-time contracts.

Procedure

For further information please contact Mr. Lopez Ramirez, Managing Partner or Mrs. Saskia Lans, Audit Partner, via (+5999) 433 33 33 or by mail: jlopezramirez@deloitte.cw or slans@deloitte.cw. You can send your application letter and resume to hrm@deloitte.cw. An assessment will be part of the selection process. Your application will be handled confidentially.
