JOB OPENINGS

The Centrale Bank van Curaçao en Sint Maarten's (CBCS) main objective is to preserve macro-economic stability within the monetary union of the countries Curaçao and Sint Maarten, anchoring the stability of the external value of the guilder. To that end, the CBCS conducts monetary policy, promotes financial stability, supervises the soundness of the financial system, issues banknotes and coins and is the main financial-economic advisor to the governments.

CBCS is recruiting professionals for its Monetary Policy Economics and Statistic division and its Financial Stability division, and has the following job openings:

- Economic & Research Specialists
- Data and Statistics Officers
- Financial Modeling & Research Specialists
- Macro-Prudential Policy and Financial Architecture Specialists

Training and work experience

- Advanced university degree (Master's or PhD degree) in economics, econometrics, financial mathematics or statistics.
- Experience with quantitative research methods and techniques.
- Fluency in English in writing and speaking.
- Preferably, one year work experience.

Skills

- Strong analytical and problem-solving skills to provide policy recommendations on complex issues.
- Agility to adapt to a dynamic environment and promote innovation.

Terms of employment

The CBCS offers:

- attractive employment terms including a competitive salary and benefits package based on educational background and previous experience;
- admission to the public pension system (Algemeen Pensioenfonds Curaçao); and
- the possibility to follow local and international trainings, courses, conferences and seminars.
