

Vacancy Integration Architect

DEZE VACATURE IS GEPLAATST IN HET
Antilliaans Dagblad

Maduro & Curiel's Bank N.V. as a leading financial institution operating in Curaçao, Aruba, Bonaire and the Windward Islands has a vacancy in their Information Technology Department in Curaçao for an:

Integration Architect

Based on an understanding of MCB's business strategies and priorities, the Integration Architect works with IT and business stakeholders to promote alignment of IT and business strategy, guides delivery initiatives to align with those strategies and supports IT work intake and scheduling.

Requirements

- Bachelor's Degree in Computer Science or related field.
- Deep understanding of the capabilities and limitations of modern information technologies, and of the systems delivery lifecycle, developed through at least 10 years' of experience in IT roles.
- Advanced knowledge of the functions and types of systems found in banking and cards/payments services, and of the channels through which those services are delivered.
- Strengths in the verbal and written communication, negotiation, conceptualization, collaboration, research and analysis.
- Able to bring structure and rigor to situations in which options and goals may not be clearly defined and for which there is a high degree of uncertainty.
- Capable of engaging IT and business stakeholders in productive discussions that promote alignment of IT and business strategies.
- Experience in defining and assessing options for sourcing and integrating applications, including technical, functional and economic analysis.
- Experience in leading initiatives to define target architectures and transition plans, including structuring and coordinating the activities of technical and business area stakeholders in this regard.
- Experience in business process and/or data modeling, and in enterprise architecture planning methodologies, would also be an asset.

Besides the excitement and the challenge of a new work environment, we offer growth possibilities and an attractive remuneration package.

If your profile meets the above criteria and you have the necessary experience in this field, we ask you to submit your application letter including your resumé in English via e-mail before 27 March 2019 to:
